#### **Making Surcharges**

Lewis's Free Curtain Making generously applies to all curtain sizes both large and small, which is not normally the case. However, surcharges for specialty treatments and applications are not covered under the Free Curtain Making offer. Specialty treatments include; angled, curved or shaped curtains, interlining curtains with a bump lining, and the sewing of trims, borders or frills. You'll still receive the regular making discount, but will be required to pay the surcharge. Our staff will be happy to discuss these details with you.

#### **Fabric Conditions**

The range of fabrics eligible for Lewis's Free Curtain Making offer can vary depending on the current promotion. This information will be available in-store. At all times the Free Curtain Making offer only extends to fabrics from \$29.95 per metre that are suitable for curtains. Fabric remnants and short-ends are not eligible for this offer as they are already heavily discounted.
